PRESS RELEASE

H.C. Andersen | An eternal classic - now in the 4th edition from Stauer Publishing

Stauer Publishing is now publishing the 4th edition of H.C. Andersen's *The story of my life*, a book that brings the master of adventurers' own alluring life journey to life for the reader. The book is both an autobiography and a piece of genuine Danish cultural heritage. We follow – with H.C. Andersen's own words – his personal and artistic development and thus the reader is offered a unique opportunity to experience the author's reflections on his life's many adventures.

As in the previous editions, the book's authentic style has been maintained; layout and design have been gently modernized to appeal to both old and new readers. Providing insight into the man who created some of the world's best-loved fairy tales, the book takes readers on a journey through H.C. Andersen's childhood in Odense, his artistic upbringing, international fame and his reflections on life and death.

For lovers of H.C. Andersen – and new readers

H.C. Andersen's *The story of my life* is edited by mag.art Jens Staubrand. Under his editing, the work has been revitalized; it has a clear presentation and also has pictures and often full notes that enrich the edition. Jens Staubrand's editing has maintained respect for H.C. Andersen's original voice and at the same time makes the book accessible and relevant to the contemporary reader. Release is aimed at both those

who already know and love H.C. Andersen's works, and those who want to delve into the life of one of Denmark's best-known authors for the first time.

An unavoidable book for H.C. Andersen enthusiasts – and new readers

H.C. Andersen is more than just his fairy tales – he is also a deep thinker and artist who understood the human condition as few do. *My Life's Adventure* gives a rare insight into the man who created adventures such as *The Ugly Duckling*, *The Emperor's New Clothes* and *The Little Mermaid*.
