PRESS RELEASE | The Diapsalmata from Either-Or: Experience Søren Kierkegaard's thought-provoking fragments in a new book edition

New illustrated and annotated edition of Either-Or, in which Søren Kierkegaard unfolds thought-provoking existential and poetic considerations that revolve around the paradoxes of life, the meaning of existence and man's inner conflict between aesthetics and ethics.

Each fragment – which is often very rhythmic – stands as an independent statement, a thought captured in a moment that the reader can turn and turn. The form of the fragments calls for presence and thoughtfulness.

In Either-Or – where the Diapsalmata are from – Søren Kierkegaard presents two fundamental approaches to life: the aesthetic and the ethical. The Diapsalmata represent the aesthetic attitude to life, where pleasure, beauty and transience are at the center.

Although Diapsalmata was written in 1843, its themes and fragmentary structure have relevance in today's world.

In a time when we often question meaning, identity, and freedom, the Diapsalmata can serve as a mirror for our own existential reflections.

Søren Kierkegaard's Diapsalmata is a unique collection of texts that explore the beauty and pain of existence through fragmented thoughts and poetic statements.

This publication is ideal for both new readers who want an introduction to Søren Kierkegaard's world of thought, and for knowledgeable readers who want to delve deeper into the philosophical universe of the Diapsalmata.

BUY worldwide in store or online

SØREN KIERKEGAARD Diapsalmata [Diapsalmata - the book is in Danish]

The collection of short texts that begin "Either-Or"
