## PRESS RELEASE

NEW BOOK | Ten of H.C. Andersen's most beloved fairy tale in a new thoroughly edited edition - with illustrations by Vilhelm Pedersen.

Among writers and artists, there are always some of their works that are better known and loved than others.

Thus also when it applies to H.C. Andersen (1805-1875), where among his many adventures there are some that are more loved than others. In this book, ten of his most beloved adventures have been collected - as it appears.

They were published over a period of twenty years, from 1835 to 1855. Among those who love H.C. Andersen's fairy tales, it is often said that the best illustrations for them are drawings by Vilhelm Pedersen (1820-1859), formulated in the phrase "a fairy tale by H.C. Andersen must then be illustrated by Vilhelm Pedersen". That is why they are included in this book. The book is edited by mag.art. Jens Staubrand.
